QUESTION OF EXPLOSIVES SETTLED AT LOCAL MINE

Tests of Black Powder and Carbonite Finished by National Officers.

TERMS OF SETTLEMENT

Operators Agree to Pay Men on the Same Basis as that of Black Powder.

What was perhaps the fairest settlement of a controversy between miners and operators in the Pittsburg district was brought about yesterday in the agreements of the miners of the Charleroi Coal works with the company officials, represented by Supt. Jesse K. Johnston over the carbonite explosive question. International officials are credited with bringing about the agreement. Those here were E. T. McCullough, National vice president; Samuel Pascoe, manager o the United Mine Workers Journal, and Organizers Thomas Rosewall, Ed. McKay and James Mooney, of the National organization, and John Sullivan and President Thomas McCue of the Charleroi local, with Superintendent Jesse K. Johnston and other mine officials.

It will be remembered that following a strike this summer agreements were reached on June 4, whereby the miners would go to work and a test be made of the carbonite which it was desired to use. On June 7, the test was begun, and it continued for one month. The agreement reached yesterday was the result of the test. The agreement was that the miners be charged for 190 tons of screened coal mined with carbonite at prices of one [illegible] per keg. The men working in the rooms will be paid 5 per cent, from June 4 until October 1, and the men in the entries 9 cents and a fraction, the differences caused by the use of carbonite. The agreements will go into effect on October 1. The company will use its own shot-firers.

The International officers were much pleased that they had been able to reach agreements with the company's officials, and praised Supt. J. K. Johnston as one of the fairest operators with whom they had ever had the pleasure to deal. They took supper at the Hotel Beatty, Monongahela.

Vernie Davis, the 4-year-old daughter of Mr. and Mrs. John Davis of Maple Creek, is suffering from laceration of the flesh near the eye from the bite of a dog. The little girl was being left at Charleroi yesterday at the home of a relative of the family on Third street, while the parents went to Pittsburg. She was playing with a dog belonging to a family by the name of Mountecourt, when it is [illegible] said the animal suddenly snapped at [illegible] biting the flesh near the right [illegible]. The eye was in bad condition this morning, but nothing serious is feared.

Miss Marie Bisiaux of Shady avenue and Augustine Hie of Lincoln, Ind., were married yesterday afternoon at 2 o'clock by Justice of the Peace Wilson. The couple later left on a trip to the South where they will probably locate. Mr. Hie is a singer of note and both are well known.

John T. Richardson has moved to Rochester, Pa., and is employed at the Jones and Laughlin plant at Aliquippa.

Charleroi Man is Chosen Grand Officer

Meeting of Grand United Order of Odd Fellows at Pittsburg.

At the 28th annual meeting of the District Grand Lodge of Pennsylvania, Grand United Order of Odd Fellows, at Northside, Pittsburg, this week, J. G. Lee of Charleroi was elected to an office. This is Grand Director for the State of Pennsylvania. Some time ago Mr. Lee entered the contest and successfully landed the office.

The grand lodge sessions were held Tuesday and Wednesday. Features of the convention were a street parade under command of Capt. William Catlin of Monongahela, and competitive drills by the Patriarchies, a uniformed rank of the order. A banquet closed the session.

NEW SALEM AFFAIR CLEARED UP BY DETECTIVE M'BETH

The mystery in the disappearance of Lavina Porter, the daughter of Mr. and Mrs. Leroy Porter of New Salem and J. W. Williams, was partly explained yesterday, and as a result the suits which Porter brought against Williams in Brownsville charging abduction of the girl, will be dropped. All three of the principals were in Uniontwon yesterday but they did not meet.

County Detective Alex McBeth of Fayette county has been working on the case and learned that the girl was employed as a domestic at the home of Mr. and Mrs. Thomas Collier in Uniontown. He went there and questiond her, to find that she had apparently been ill treated at home, and had ran away for that reason. She said that she had not been associated with Williams at all. Later Williams was seen and he also denied any knowledge of the girl. The father will not take the girl home. It is charged that he, by his brutality, drove her from home. Williams is a well known contractor and was dragged into the affair by some one having seen him, it is said, with the girl at one time.

PICNIC ATTRACTS A LARGE CROWD

A fair day and a large turnout were features of the picnic of St. Jerome's Catholic church at Eldora yesterday. The people began to assemble at the park early and during the afternoon the enjoyment of the outing was at its height. As the park had been leased for the day by the picnic committee, the amusements were included in the tickets of admission, and these were most liberally patronized all the afternoon and evening, including the dancing platform.

The pony contest was the main feature, and the result showed that No. 252 series A, was the lucky number. Previous to awarding the prize the committee announced that as a number of tickets had not been returned any such winning the prize

MANY GOING TO SCHOOL FROM HERE

There are probably fifty or more persons from Charleroi and immediate vicinity who have left or will leave in the course of the next week for schools or colleges out of town. The largest number is attending school at the California Normal, where the trip can easily be made back and forth every day. There are probably a dozen or fifteen young people from Charleroi attending school there. Washington and Jefferson college will be well represented this year from Charleroi, and probably more from here will attend college there than ever before in this town's history. A complete list of those either having gone to school or going within a few days to their schools is as follows, California Normal excepted.

Washington and Jefferson—Karl Keffer, Jr., Harold Smith, Thomas Mosier, Jesse Richy, Richard Moody, and Jacob Mitchell.

LUTHERAN TEAM HOLDS BANQUET

"The sacrifice a batter makes on the baseball field to advance a runner from first to second base is not a new principle developed by the game. It is a principle of life practiced every day by good Christian men and women—these sacrifices to advance others—and is so old that it dates back to when the founder of the Christian church sacrificed his life to advance us all."

This, in substance, was the theme of a little talk by Rev. C. E. Frontz to the Lutheran baseball team of the Church league which, with the captain and managers of the other teams and the officials of the league were entertained by the Brotherhood of Andrew and Phillip at a supper in the basement of Christ Lutheran church last evening. The affair was attended by between 30 and 40, and cordiality and good cheer reigned supreme. Incidentally a boom was launched for J. K. Johnston as president of the Church league next year.

After the supper, of which Robt. O. Vetter was chief caterer, and which was admirably served by other members of the brotherhood, J. K. Johnston was elected toastmaster, and made a timely introductory speech, in which he lauded the Church league which had brought the young men of the various churches together in friendly rivalry on the baseball field. He said the success of the league has demonstrated that it is possible for young Christian men to engage in good clean sport. He complimented the league upon its success, and hoped for a repetition of the organization next year.

In response to calls from the toastmaster remarks were made by E. C. [illegible], pastor of the church, Capt. Mason of the Methodist team, Capt Jolliffe of the Christian team, Harry Goehring, manager of the Lutheran team, and Robert O. Vetter, president of the church brotherhood. All had something complimentary to say of the result of the league, the games, and the friendly, brotherly feeling that existed between the contestants.

Some good stories were told and Toastmaster Johnston recited with telling effect a modified version of "Casey at the Bat," which had been topically arranged to included the Lutheran team and "Bob Vetter at the "Bat," instead of the renowned Casey. Mr. Johnston, very modestly disclaimed any aspirations for the presidency of the league next year, saying he wanted to play himself on the Lutheran team, but Capt. Jolliffe of the Christian team reminded him that according to Dr. Ossler's theory, he was better qualified for the presidency. After a season of good fellowship the meeting adjourned with the hope that the company might meet again under similar circumstances.

Really The Best.

"Candidly, I think that last night's show was the best that has been at the Star for a long time," were the exact words of a man this morning when asked his opinion of the entertainments at the Star theatre last night. The show opened with a picture "Stolen Gems." Dave Werton, an original Hebrew character comedian did Hebrew and Italian stunts that were prounounced fine. Leonard and Fulton the Irish sketch team kept the house in an uproar from the time they came on the stage until they left. Hunniford the ventriloquist had a great act, his principal feature being the singing through a figure while he smoked a cigar. Miss Margaret Brightwell sang "Drifting," and the last picture was "In the Sultan's Power."

RUMORED THAT INVESTORS WILL NOT RECEIVE MUCH

More Births Than Deaths in August

Registrar Edwin McKay Makes His Monthly Report for this District.

The registrar's report of Charleroi, just filed by Dr. Edwin McKay, the official, shows a gain in the number of births in August over that of July. In the district there was also one more death. In July the number of deaths surpassed the number of births by five, but this month there is a gain of six in the number of births over the number of deaths. The report of Dr. McKay follows:

Births—Charleroi 21; Fallowfield township, 3; Twilight, 1

Deaths—Charleroi, 16; Twilight 3.

In June there were 14 deaths and 23 births in the district.

METHODISTS WIN PENNANT IN THE CHURCH LEAGUE

What should have been the last game in the Church League was played lat night between the Christian and the First Presbyterian team, the latter winning by a score of 5 to 3. The game resulted in the Methodists winning the pennant, if such a trophy is to be awarded. However, third and fourth places are to be determined as yet, and the Lutherans and First Presbyterians will doubtless play this off. The game last night was a good one and hotly contested.

By the defeat of the Christians the Methodists are given the lead, with 800 points. The Christians have 700 points. The score:

F. Presbyterian	2	1	0	2	0	0	—5
Christian	3	0	0	0	0	0	—3

Two base hit—Jolliffe. Stolen bases—Wilson 2, Oller. 2, Cratty, Morris. Struck out—By Laurie, 6; By Osburne, 5, by Jolliffe, 3. Base on balls—Off Laurie 4. Hit by pitcher—McGowan, Oller, Furnier. Wild pitch—Laurie.

ELDORA TO HAVE A BIG LOT SALE

The upper Monongahela valley is furishing a lot plan sensation in Eldora, a propery belonging to the Wanner Land company and exploited by the Union Realty company of Pittsburg. Aarrangements have been completed for boom times there, beginning tomorrow and ending September 27. The last day of this big lot sale will be featured by the distribution of prizes, which include 10 choice lots and one house and lot. Eldora is on the Charleroi car line and free tickets to it are being distributed by the Union Realty company. The location is between Charleroi and Monongahela and one mile north of Monessen and within easy walking distance of Donora, and it is asserted that within a radius of two miles are factories and shop employng 20,000 skilled mechanics. There are already 43 residences erected in Eldora, which enjoys free mail delivery, telephone service, stores, public school, etc.

Report of Hearing of Eureka Insurance Company Meeting.

HISTORY OF OPERATIONS

Company was Transferred to Trenton, but did not Stay There, it is Said.

Although there was nothing made to indicate it at the hearing of the claims of the many stockholders of the Eureka Insurance company, at Richmond, Va., last week, vague rumors have leaked out that are to the effect that the purchasers of the stock would not receive much on their investment. There has been no report of the meeting published, but there was nothing done beyond the hearing of the claims by commissioner, R. E. Peyton, Jr. The most of the stockholders of this section were represented by Wesley Young and Carl E. Gibson, Esq. The entire amount of money received from the stockholders since the corporation of the company was $145,000 or thereabouts, according to prevoius testimony of one of the incorporators. A capital stock by the certificate of incorporation of $300,000 was allowed. It will probably be some time before the stockholders gain any idea of the per cent of their deposits they are to receive.

The Eureka Life Insurance company was incorporated under the laws of Virginia, at Richmond, on December 2, 1905, The charter was recorded the following day, but the company did not begin business until March 1, 1906. Although incorporated under the laws of Virginia the head office was at Philadelphia. Stock was generally sold, mostly in this immediate section, from the fact that most of the incorporators and the board of directors were from this community.

The company, according to the sworn statement of Insurance Commissioner David Martin, which came out later, did not possess any license to do business in Pennsylvania, but it is a question whether any business was done here in the selling of insurance. This is a question that was to have been decided in equity court in Allegheny county, at the instance of William T. Sampson of Carroll township who instituted suit against an agent said to have sold considerable of the stock in this section. Mr. Sampson paid $7,500 for stock of par value of $3,000, he being probably the heaviest buyer of the stock in this section.

The company was licensed to do business in Virginia, but, according to "Best's Life Insurance News," license was refused for one year by Comissioner Button from the fact that the expenses were exceeding the income, and for other reasons. In 1908 the company did not apply for license. The decree by which the affairs were turned over into the hands of receivers was issued July 24, 1909, and notices sent out on July 29, for the hearing which was held.

The Eureka Life was transferred to the Trenton National Insurance company on May 4, 1909, but now it is stated that the negotiations fell through, it having developed that the new company was in a weak condition.

The receivers are John H. Mumbower of Philadelphia and John D. Blair of Richmond, Va. The question now is, how much will each stockholder be able to retain out of his

Labor's Rights.

President Taft's clear cut declarations as to the rights of organized labor, and his avowed intention to redeem the labor promises made by himself, as well as those of the National Republican platform, ought to set a standard of ethics for those who refuse to treat with their employes as a body or to concede them the right of a hearing in a matter in which they are as vitally interested as the employers themselves. The employer who asserts "there is nothing to arbitrate" in a strike is as vicious a foe to society as the anarchist who preaches destruction.

Most strikes are based on protests against injustice. Oftimes this injustice is trifling, and can be easily adjusted if both sides to the dispute would get together, but the arbitrary attitude that declares "there is nothing to arbitrate" in sufficient cause in itself for revolt. The great strike at McKees Rocks was founded on the result of petty graft and injustice to the men, and the bull-headedness of the officials resulted not only in the loss of life and property, but demoralized a wide scope of country in every conceivable way. The company took the attitude there was nothing to arbitrate, but it finally did exactly what could have been done at the start and prevented all the direful results of the strike.

It is not too broad a statement to assert that there is an element of injustice involved in every labor dispute. Where a scale is established one employer may pay it literally, but at the same time demand unusual or unfair exactions from his employes. In other instances the employe's personal rights are interfered with and he is compelled to submit to dictation as to where he shall spend his wages, when he shall receive them, what doctor he may employ, what price he shall pay for certain necessary commodities, and other unfair restrictions. When the policy is adopted everywhere that all services must receive compensation and the personal rights of employes are sacred, then a strike in which "there is nothing to arbitrate" might be possible. Until that time comes the public has a right to demand compulsory arbitration.

would not be allowed. It so happened that No. 252 was a ladies' ticket and was presented by a man this morning, but a comparison with the records showed that the ticket had not been paid for, and the claim was not allowed. Therefore the prize will be again awarded at Eldora Park next Tuesday night. All holding tickets are requested to preserve them. No more tickets will be sold; the prize will simply be re-awarded.

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you are convenient to the store, buy the regular size packages; if not near the store buy the large size family package. 16

QUESTION OF EXPLOSIVES SETTLED AT LOCAL MINE

Tests of Black Powder and Carbonite Finished by National Officers.

TERMS OF SETTLEMENT

Operators Agree to Pay Men on the Same Basis as that of Black Powder.

What was perhaps the fairest settlement of a controversy between miners and operators in the Pittsburg district was brought about yesterday in the agreements of the miners of the Charleroi Coal works with the company officials, represented by Supt. Jesse K. Johnston over the carbonite explosive question. International officials are credited with bringing about the agreement. Those here were E. T. McCullough, National vice president; Samuel Pascoe, manager of the United Mine Workers Journal, and Organizers Thomas Rosewall, Ed. McKay and James Mooney, of the National organization, and John Sullivan and President Thomas McCue of the Charleroi local, with Superintendent Jesse K. Johnston and other mine officials.

It will be remembered that following a strike this summer agreements were reached on June 4, whereby the miners would go to work and a test be made of the carbonite which it was desired to use. On June 7, the test was begun, and it continued for one month. The agreement reached yesterday was the result of the test. The agreement was that the miners be charged for 190 tons of screened coal mined with carbonite at prices of one keg of black powder, based at $1.35 per keg. The men working in the rooms will be paid 5 per cent, from June 4 until October 1, and the men in the entries 9 cents and a fraction, the differences caused by the use of carbonite. The agreements will go into effect on October 1. The company will use its own shot-firers.

The International officers were much pleased that they had been able to reach agreements with the company's officials, and praised Supt. J. K. Johnston as one of the fairest operators with whom they had ever had the pleasure to deal. They took supper at the Hotel Beatty, Monongahela.

Vernie Davis, the 4-year-old daughter of Mr. and Mrs. John Davis of Maple Creek, is suffering from laceration of the flesh near the eye from the bite of a dog. The little girl was being left at Charleroi yesterday at the home of a relative of the family on Third street, while the parents went to Pittsburg. She was playing with a dog belonging to a family by the name of Mountecourt, when it is said the animal suddenly snapped at her, biting the flesh near the right eye. The eye was in bad condition this morning, but nothing serious is feared.

Miss Marie Bisiaux of Shady avenue and Augustine Hie of Lincoln, Ind., were married yesterday afternoon at 2 o'clock by Justice of the Peace Wilson. The couple later left on a trip to the South where they will probably locate. Mr. Hie is a singer of note and both are well known.

John T. Richardson has moved to Rochester, Pa., and is employed at the Jones and Laughlin plant at Aliquippa.

Charleroi Man is Chosen Grand Officer

Meeting of Grand United Order of Odd Fellows at Pittsburg.

At the 28th annual meeting of the District Grand Lodge of Pennsylvania, Grand United Order of Odd Fellows, at Northside, Pittsburg, this week, J. G. Lee of Charleroi was elected to an office. This is Grand Director for the State of Pennsylvania. Some time ago Mr. Lee entered the contest and successfully landed the office.

The grand lodge sessions were held Tuesday and Wednesday. Features of the convention were a street parade under command of Capt. William Catlin of Monongahela, and competitive drills by the Patriarchies, a uniformed rank of the order. A banquet closed the session.

NEW SALEM AFFAIR CLEARED UP BY DETECTIVE M'BETH

The mystery in the disappearance of Lavina Porter, the daughter of Mr. and Mrs. Leroy Porter of New Salem and J. W. Williams, was partly explained yesterday, and as a result the suits which Porter brought against Williams in Brownsville charging abduction of the girl, will be dropped. All three of the principals were in Uniontwon yesterday but they did not meet.

County Detective Alex McBeth of Fayette county has been working on the case and learned that the girl was employed as a domestic at the home of Mr. and Mrs. Thomas Collier in Uniontown. He went there and questioned her, to find that she had apparently been ill treated at home, and had ran away for that reason. She said that she had not been associated with Williams at all. Later Williams was seen and he also denied any knowledge of the girl. The father will not take the girl home. It is charged that he, by his brutality, drove her from home. Williams is a well known contractor and was dragged into the affair by some one having seen him, it is said, with the girl at one time.

PICNIC ATTRACTS A LARGE CROWD

A fair day and a large turnout were features of the picnic of St. Jerome's Catholic church at Eldora yesterday. The people began to assemble at the park early and during the afternoon the enjoyment of the outing was at its height. As the park had been leased for the day by the picnic committee, the amusements were included in the tickets of admission, and these were most liberally patronized all the afternoon and evening, including the dancing platform.

The pony contest was the main feature, and the result showed that No. 252 series A, was the lucky number. Previous to awarding the prize the committee announced that as a number of tickets had not been returned any such winning the prize

LUTHERAN TEAM HOLDS BANQUET

"The sacrifice a batter makes on the baseball field to advance a runner from first to second base is not a new principle developed by the game. It is a principle of life practiced every day by good Christian men and women—these sacrifices to advance others—[illegible] so old that it dates back to when the founder of the Christian church sacrificed his life to advance us all."

This, in substance, was the theme of a little talk by Rev. C. E. Frontz to the Lutheran baseball team of the Church league which, with the captain and managers of the other teams and the officials of the league were entertained by the Brotherhood of Andrew and Phillip at a supper in the basement of Christ Lutheran church last evening. The affair was attended by between 30 and 40, and cordiality and good cheer reigned supreme. Incidentally a boom was launched for J. K. Johnston as president of the Church league next year.

After the supper, of which Robt. O. Vetter was chief caterer, and which was admirably served by other members of the brotherhood, J. K. Johnston was elected toastmaster, and made a timely introductory speech, in which he lauded the Church league which had brought the young men of the various churches together in friendly rivalry on the baseball field. He said the success of the league has demonstrated that it is possible for young Christian men to engage in good, clean sport. He complimented the league upon its success, and hoped for a repetition of the organization next year.

In response to calls from the toastmaster remarks were made by E. C. Niver, Rev. C. O. Frontz, pastor of the church, Capt. Mason of the Methodist team, Capt Jolliffe of the Christian team, Harry Goehring, manager of the Lutheran team, and Robert O. Vetter, president of the church brotherhood. All had something complimentary to say of the result of the league, the games, and the friendly, brotherly feeling that existed between the contestants.

Some good stories were told and Toastmaster Johnston recited with telling effect a modified version of "Casey at the Bat," which had been topically arranged to included the Lutheran team and "Bob Vetter at the "Bat," instead of the renowned Casey. Mr. Johnston, very modestly disclaimed any aspirations for the presidency of the league next year, saying he wanted to play himself on the Lutheran team, but Capt. Jolliffe of the Christian team reminded him that according to Dr. Ossler's theory, he was better qualified for the presidency. After a season of good fellowship the meeting adjourned with the hope that the company might meet again under similar circumstances.

Really The Best.

"Candidly, I think that last night's show was the best that has been at the Star for a long time," were the exact words of a man this morning when asked his opinion of the entertainments at the Star theatre last night. The show opened with a picture "Stolen Gems." Dave Werton, an original Hebrew character comedian did Hebrew and Italian stunts that were prounounced fine. Leonard and Fulton the Irish sketch team kept the house in an uproar from the time they came on the stage until they left. Hunniford the ventriloquist had a great act, his principal feature being the singing through a figure while he smoked a cigar. Miss Margaret Brightwell sang "Drifting," and the last picture was "In the Sultan's Power."

Sealed proposals will be received until 7 o'clock p. m., September 30th, 1909, for the plumbing, sewering and gas fitting for a proposed brick hall building for the Fraternal Order of Eagles, Charleroi Aerie No. 390, Charleroi, Pa. RUMORED THAT INVESTORS WILL NOT RECEIVE MUCH

Report of Hearing of Eureka Insurance Company Meeting.

HISTORY OF OPERATIONS

Company was Transferred to Trenton, but did not Stay There, it is Said.

Although there was nothing much to indicate it at the hearing of the claims of the many stockholders of the Eureka Insurance company, at Richmond, Va., last week, vague rumors have leaked out that are to the effect that the purchasers of the stock would not receive much on their investment. There has been no report of the meeting published, but there was nothing done beyond the hearing of the claims by commissioner, R. E. Peyton, Jr. The most of the stockholders of this section were represented by Wesley Young and Carl E. Gibson, Esq. The entire amount of money received from the stockholders since the corporation of the company was $145,000 or thereabouts, according to prevoius testimony of one of the incorporators. A capital stock by the certificate of incorporation of $800,000 was allowed. It will probably be some time before the stockholders gain any idea of the per cent of their deposits they are to receive.

The Eureka Life Insurance company was incorporated under the laws of Virginia, at Richmond, on December 2, 1905. The charter was recorded the following day, but the company did not begin business until March 1, 1906. Although incorporated under the laws of Virginia the head office was at Philadelphia. Stock was generally sold, mostly in this immediate section, from the fact that most of the incorporators and the board of directors were from this community.

The company, according to the sworn statement of Insurance Commissioner David Martin, which came out later, did not possess any license to do business in Pennsylvania, but it is a question whether any business was done here in the selling of insurance. This is a question that was to have been decided in equity court in Allegheny county, at the instance of William T. Sampson of Carroll township who instituted suit against an agent said to have sold considerable of the stock in this section. Mr. Sampson paid $7,500 for stock of par value of $3,000, he being probably the heaviest buyer of the stock in this section.

The company was licensed to do business in Virginia, but, according to "Best's Life Insurance News," license was refused for one year by Comissioner Button from the fact that the expenses were exceeding the income, and for other reasons. In 1908 the company did not apply for license. The decree by which the affairs were turned over into the hands of receivers was issued July 24, 1909, and notices sent out on July 29, for the hearing which was held.

The Eureka Life was transferred to the Trenton National Insurance company on May 4, 1909, but now it is stated that the negotiations fell through, it having developed that the new company was in a weak condition.

The receivers are John H. Mumbower of Philadelphia and John D. Blair of Richmond, Va. The question now is, how much will each stockholder be able to retain out of his

More Births Than Deaths in August

Registrar Edwin McKay Makes His Monthly Report for this District.

The registrar's report of Charleroi, just filed by Dr. Edwin McKay, the official, shows a gain in the number of births in August over that of July. In the district there was also one more death. In July the number of deaths surpassed the number of births by five, but this month there is a gain of six in the number of births over the number of deaths. The report of Dr. McKay follows:

Births—Charleroi 21; Fallowfield township, 3; Twilight, 1

Deaths—Charleroi, 16; Twilight 3.

In June there were 14 deaths and 23 births in the district.

METHODISTS WIN PENNANT IN THE CHURCH LEAGUE

What should have been the last game in the Church League was played last night between the Christian and the First Presbyterian team, the latter winning by a score of 5 to 3. The game resulted in the Methodists winning the pennant, if such a trophy is to be awarded. However, third and fourth places are to be determined as yet, and the Lutherans and First Presbyterians will doubtless play this off. The game last night was a good one and hotly contested.

By the defeat of the Christians the Methodists are given the lead, with 800 points. The Christians have 700 points. The score:

F. Presbyterian	2 1 0 2 0 0—5
Christian	3 0 0 0 0 0—3

Two base hit—Jolliffe. Stolen bases—Wilson 2, Oller, 2, Cratty, Morris. Struck out—By Laurie, 6; By Osburne, 5, by Jolliffe, 3. Base on balls—Off Laurie 4. Hit by pitcher—McGowan, Oller, Furnier. Wild pitch—Laurie.

ELDORA TO HAVE A BIG LOT SALE

The upper Monongahela valley is furishing a lot plan sensation in Eldora, a propery belonging to the Wanner Land company and exploited by the Union Realty company of Pittsburg. Aarrangements have been completed for boom times there, beginning tomorrow and ending September 27. The last day of this big lot sale will be featured by the distribution of prizes, which include 10 choice lots and one house and lot. Eldora is on the Charleroi car line and free tickets to it are being distributed by the Union Realty company. The location is between Charleroi and Monongahela and one mile north of Monessen and within easy walking distance of Donora, and it is asserted that within a radius of two miles are factories and shop employng 20,000 skilled mechanics. There are already 43 residences erected in Eldora, which enjoys free mail delivery, telephone service, stores, public school, etc.

Labor's Rights.

President Taft's clear cut declarations as to the rights of organized labor, and his avowed intention to redeem the labor promises made by himself, as well as those of the National Republican platform, ought to set a standard of ethics for those who refuse to deal with their employes as a body or to concede them the right of a hearing in a matter in which they are as vitally interested as the employers themselves. The employer who asserts "there is nothing to arbitrate" in a strike is as vicious a foe to society as the anarchist who preaches destruction.

Most strikes are based on protests against injustice. Oftimes this injustice is trifling, and can be easily adjusted if both sides to the dispute would get together, but the arbitrary attitude that declares "there is nothing to arbitrate" in sufficient cause in itself for revolt. The great strike at McKees Rocks was founded on the result of petty graft and injustice to the men, and the bull-headedness of the officials resulted not only in the loss of life and property, but demoralized a wide scope of country in every conceivable way. The company took the attitude there was nothing to arbitrate, but it finally did exactly what could have been done at the start and prevented all the direful results of the strike.

It is not too broad a statement to assert that there is an element of injustice involved in every labor dispute. Where a scale is established one employer may pay it literally, but at the same time demand unusual or unfair exactions from his employes. In other instances the employe's personal rights are interfered with and he is compelled to submit to dictation as to where he shall spend his wages, when he shall receive them, what doctor he may employ, what price he shall pay for certain necessary commodities, and other unfair restrictions. When the policy is adopted everywhere that all services must receive compensation and the personal rights of employes are sacred, then a strike in which "there is nothing to arbitrate" might be possible. Until that time comes the public has a right to demand compulsory arbitration.

But a comparison with the records showed that the ticket had not been paid for, and the claim was not allowed. Therefore the prize will be again awarded at Eldora Park next Thursday night. All holding tickets are requested to preserve them. No more tickets will be sold; the prize will simply be re-awarded.

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the neck stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you are convenient to the store, buy the regular size packages; if not near the store buy the large size family package. 16

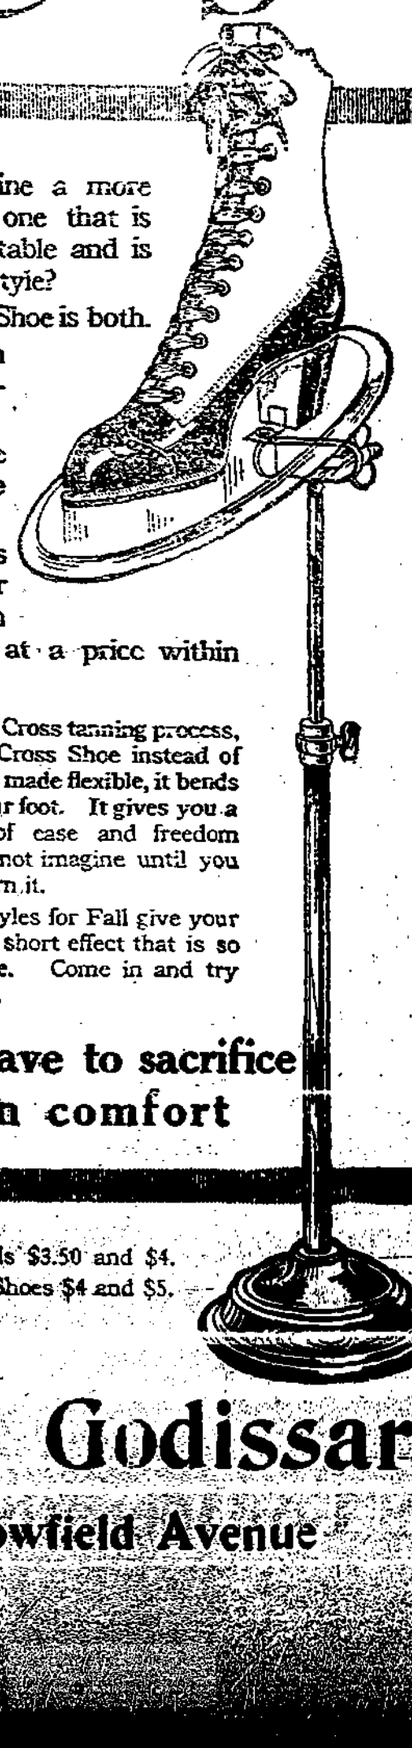
Red Cross Shoe



Can you imagine a more ideal shoe than one that is absolutely comfortable and is the perfection of style?

The Red Cross Shoe is both.

It is made with an idea and founded on a principle.

The idea is style and comfort *in the same shoe.*

The principle is to produce for American women a perfect shoe, at a price within reach and reason.

By the special Red Cross tanning process, the sole of the Red Cross Shoe instead of being stiff and rigid is made flexible, it bends with your foot. It gives you a feeling of ease and freedom you can not imagine until you have worn it.

The styles for Fall give your feet that short effect that is so attractive. Come in and try them on.
